Greetings!

The Staff of the 1948-1949 M Book wish you all a happy and successful year. If this book helps you in any way toward realizing this end, we feel that our efforts in preparing it have been worthwhile.

Until last year the M Book was designed to acquaint you with that part of college life not found in the classroom. Then it was expanded so that it is now the official College Handbook. The staff has worked with the Student Council, the WSGA, the MSO, and the Executive Council of the Faculty to present to you a brief picture of life at Maryville.

We express our sincere appreciation to all who have made this book possible, and we hope that in some way you may find it helpful to you.

Sincerely,

THE STAFF

ALMA MATER

Where Chilhowee's lofty mountains
Pierce the southern blue,
Proudly stands our Alma Mater,
Noble, grand, and true.

Chorus

Orange Garnet, float forever,
Ensign of our hill!
Hail to thee, our Alma Mater,
Hail to Maryville!

As thy hilltop crowned with cedars
Ever green appears,
So thy memory fresh shall linger
Through life's smiles and tears.

Lift the chorus, wake the echoes,
Make the welkin ring!
Hail the queen of all the highlands!
Loud her praises sing!

GREETINGS FROM THE PRESIDENT OF THE COLLEGE

May I join in welcoming you to Maryville College's 130th year. Some important events in the history of the College are scheduled for 1948-1949. Among them is a vigorous campaign for funds to replace the Chapel we lost by fire in the spring of 1947. Already architects are working on sketches of the Chapel and also of the new Fine Arts Center for which a notable gift has been made. An encouraging beginning has been made on a fund for one women's domitory and an additional science building is in the plans.

But the first matters of interest to new students are related to the daily program. Its schedule is well under way. It will continue the well-tried and successful features of others years and add a number of new ones.

I trust you will start and finish the college year with enthusiasm.

RALPH WALDO LLOYD,
President of Maryville College

TRADITIONS

You'll never catch the spirit of Maryville, nor will you feel a part of it, until you know some of her traditions—those things that make being a student here something sort of special—those things that will make your love and understanding for your College broader and deeper and your memories of your days here more vivid and pleasant.

Of course it won't last, but the first week on the campus you new girls will surely feel as if they've been waiting for you to make your appearance. Bainonian and Theta simply go all out to pledge you to their organizations. Don't miss their RUSH WEEK affairs.

True the line is long and the waiting is inevitable, but getting acquainted with the faculty at the FACULTY RECEPTION will mean much to your college days.

The CIRCLE DRIVE brings pleasant memories to hundreds of Maryville students and will continue to do so to you who are just now entering her halls—That is, as long as you remember its loveliness may be enjoyed only until 7:15 each evening (7:00 on Sunday).

While the sun shines now and next spring, Maryville beauties (clad in proper clothing, of course) head for BALDWIN BEACH, hedged in on the north side of Baldwin Hall. Proper clothing consists of raincoat, or shorts and shirt, or the equivalent, over your sunning outfit.

Tuesday night is TOWN NITE, so don your prettiest sweater for an evening at the movie, bowling alley, or just a hamburger and french fries at the grill.

BARNWARMING is the show of the fall. Its sponsors are the "Y" organizations and it is held in the Big Gym every Thanksgiving night. The theme is usually "hush-hush" as are the King and Queen, chosen from the senior class, and attendants selected from the other classes.

The BELL in Anderson tower will tell you when to get up, go to classes, and go to meals. Listen also for its clear tones heralding victory after a gridiron match.

The students at Maryville are proud of their FRIENDLINESS, and you too will catch that habit of saying "Hi" to those you meet.

A state which you want to avoid at all cost is that of being MOONSHINED. This means that you and the boyfriend (or girlfriend, as the case may be) have been somewhere or have been doing something that isn't included in the "approved list" and your relationship to each other and to those of the opposite sex is temporarily affected. Conduct at all times becoming a lady or a gentleman is a good insurance policy against this.

For three or four years we have had a REC HALL on the campus of Maryville, and for about the same number of years there has been the CHATTERBOX, which took the place of the "Y" Stores of many years ago. This year the college will offer something new to the student body. A building, financed by the federal government for the college, has been designated by the college as a STUDENT CENTER which will house the REC HALL, the Y STORE and other of the social aspects of the campus life. The YWCA and YMCA have both contributed toward furnishing the building and will help the Student Council in the operating of it. This is a great step toward a better recreation program at Maryville. Now it's up to us to make it work.

FOUNDERS' AND HOMECOMING DAY is marked with dignity in the morning at the service commemorating the founding of our College, and informality in the evening at the football field when the Homecoming Queen is crowned and our football team tangles with their toughest foe. The "lums" are here in large numbers and enjoy a barbeque that evening on the campus.

VESPERS each Sunday rounds out the week and gives it a sense of completeness. The inspiring music of our Vesper Choir and many outstanding speakers are included on the Vesper program.

If you can sing at all, you'll want to add your voice to hundreds of others in the annual presentation of THE MESSIAH next Christmas.

Each February the college interrupts its program for a few hours each day for a week. During this time the emphasis of campus life is shifted from material matters to more spiritual thoughts. It will be to your advantage to attend the services of the religious emphasis week known as the FEBRUARY MEETINGS.

They push brooms, peck typewriters, carry trays, pick up mail, and a host of other things—the large group of Maryville students who take advantage of the STUDENT-HELP PROGRAM. The work isn't hard and it gives you that much-needed extra spending money.

Those people you'll meet next April stumbling over the campus with eyes fixed, lips mumbling, and hands clutching notes are only the seniors in the throes of COMPREHENSIVE EXAMINATIONS. But give them respect and reverence, for the day may come when you too will become a senior.

The students of the college participate in two drives each year. The FRED HOPE FUND is the first of these and each February you are asked to

contribute to this fund which is in memory of and in tribute to one of Maryville's outstanding and beloved graduates. For two years the money raised in this drive has been used to send one of our fellow students to the foreign field.

The second of these drives is the WORLD STUDENT SERVICE FUND. The needs of our fellow students throughout the world for food, for books, for medical care deserve all the attention and aid we can give. Each spring the students are asked to give to this worthy cause that others might be given the opportunities which are ours.

Nothing can compare with the thrill of seeing the sun's first rays burst over the Smokies as the Choir sings "Alleluia, Christ Is Risen" at the SUNRISE SERVICE in the College Woods on Easter morning.

Our natural and beautiful amphitheater in the College Woods each MAY DAY becomes transformed into the Royal Court of the May Queen and her attendants. The Queen is chosen from the senior class and her escort is the class president. Other classes are represented by two attendants each plus their escorts. An original pageant is presented by the Dramatic Art Department.

For all of us, and especially the seniors, COMMENCEMENT time is both happy and sad—happy because classes and exams are over and sad because we are saying goodbye to dear friends, many of whom we may not see again for years. The services, processions, and conferring of degrees mark the end of an important year in each of our lives, and as we exchange goodbyes and gaze again at the familiar grounds, we go away feeling that it is now our College and we have become part of its life and personality—just as it has also become a part of ours.

DORMITORY LIFE

One of the first things we learn at college is that living with a large group of people in one building requires far more patience, understanding, and consideration than we ordinarily exercised in our homes where there were usually only three or four of us. The best policy you can follow is "to do unto others. . . . ." remembering that one person's rights are often limited in order that the rights of a group of persons might be respected. We are jotting down a few suggestions that we hope will make your life in the dormitory happier and easier, and in turn help those with whom you will be living.

No one minds helping a friend now and then, but nothing can be worse than a habitual borrower. Just try wearing your roommate's freshly ironed blouse or newest tie, and see how long your beautiful friendship will last.

You may be happy living in a messy room, but it is obnoxious to your roommate and others. Do not wait to be asked to clean up your room.

Every night a great many people in the dormitory want and need to do some concentrated studying. They will appreciate your consideration in observing their "busy signs" as well as avoiding loud talking, door slamming, and yelling in the halls.

Almost everyone has a radio, so it won't be necessary for you to play yours loud enough for the people down the hall to hear.

You never know when visitors, guests, or other outsiders may be in the halls, and it can be very embarrassing for them to meet you improperly clad.

Nothing can brand you quicker than being a perpetual "griper" or always making "catty" remarks about the faculty or other students. Remember, sincerity and cheerfulness are "musts" in making and keeping friends.

Your conduct in the lounges and public rooms should be such that others will feel both free and welcome to come in at all times.

But if you are not interested in making friends. then you'll

—Monopolize the telephones,

—Sweep dirt into the halls and leave it there,

—Wash your clothes in the bathrooms during the "busy" hours,

—Barge into your friends' rooms during study hours and waste their time,

—Get up earlier than most people in the morning and make a general disturbance,

—Use the ironing boards on the floors to do your week's ironing,

—Never clean the tubs, basins, etc., after using,

—Forget your iron and burn the ironing board covers,

—Take supplies from the medicine chest and leave them in your room,

—Be loud and boisterous when others are trying to sleep.

THE DINING ROOM

Meals are served each day in the dining room according to the following schedule:

Weekdays: 7:00 a.m., 12:30 p.m., 6:00 p.m.
Saturdays: 7:00 a.m., 12:30 p.m., 5:30 p.m.
Sundays: 8:00 a.m., 12:30 p.m., 5:30 p.m.

Your guests may eat in the dining room by arranging with the Dietitian. Meal prices are as follows:

Weekdays:
Breakfast, 25c; Lunch 60c; Dinner, 60c
Saturdays:
Breakfast, 25c; Lunch, 60c; Dinner, 35c
Sundays:
Breakfast, 25c; Lunch, 75c; Dinner, 35c

Take time to freshen up a bit before meals, especially dinner. It will do you good as well as your tablemates.

Remember, girls do not wear jeans and slacks in the dining room.

College is an ideal place to acquire a bit of "polish," so watch your manners. After all, bad table manners are not considered cute, and it isn't difficult to say "please" and "thank you."

Loud and boisterous talk is definitely frowned upon. Try to make the conversation table-wide so that no one will be excluded.

Your waitress has classes and obligations too, so be considerate and get to meals on time.

Lack of attention and reverence during the blessing only reveals your background and training and does very little for your popularity.

ON THE CAMPUS

Remember that while you are on the campus you are representing Maryville to visitors and outsiders who may be passing through, and your conduct should always be that which would be complimentary and honorable to the College as well as to the rest of the student body.

True the whole world loves a lover, but indiscreet display of affection can bring criticism to you and your date, to say nothing of the damage to the reputation of the College.

Girls never wear shorts on the campus except when engaged in active sports. Jeans and slacks are worn when the occasion calls for such dress—as hikes, sports, stage crew, etc.

The men always wear shirts or jerseys, even when playing tennis or swimming.

Wastebaskets are placed at strategic places on the campus to catch your wrappers, peelings, etc. Thoughtlessly throwing these on the campus makes for an unkept appearance and mars the beauty.

Also, failure to use the walks makes ugly paths across the grass.

IT'S THE LAW

We like to gripe and complain a lot about the rules and regulations, but down underneath we all realize that a family with nine hundred members could hardly live together peacefully and harmoniously without a few "thou shalt's" and "thou shalt not's." So we are listing the important ones here in order to have you properly informed. Of course, you realize there may be others printed elsewhere for which you will also be held responsible.

It may be necessary for you to ask for an exception of the rules sometimes. Such requests should be made to either your Student Government Officers, Head of your Dormitory, the Dean of Students, or the Dean of Women. Remember, continually asking for special permission for trivial things may spoil your chances of getting it when something important comes along.

SOCIAL

Dating

1. Parlor dates may be had in the women's dormitory parlors from 7:00 until 10:00 p.m. any weekday evening by arranging with the Head of the Dormitory. Freshmen and sophomore women may have four each month and junior and senior women may have an unlimited number.

2. Sunday dating is for the services only with the exception of Easter and Baccalaureate Sundays when afternoon dating is also permitted.

3. Calling hours for men in the women's dormitories are as follows:

4. Couples may be together within the Circle Drive each evening until 7:15 (7:00 on Sunday) and until 1:20 on Sunday afternoons.

5. Dating is allowed at announced College activities. Couples return to the women's dormitories within fifteen minutes after the close of the activity and men do not stay after that time. Otherwise there is no dating on weekday evenings either during or after library hours except that men may walk with women directly from the Library to the women's dormitories and leave immediately.

6. WSGA Senior Privileges were set up last year to offer senior women certain privileges which underclass women do not possess. Each senior woman is allowed an extra town night each week under the same rules which govern the Tuesday night proposal. Senior Privileges include also Sunday afternoon dating between 3:00 p.m. and supper on the campus, in the residential sections of the city, and, for groups or couples, in the college woods and around the loop. On the second town night dating is permitted to seniors in Knoxville provided they report into the domitory before 8:30 p.m. Senior women are to report underclass women for taking

privileges set aside for seniors, or other seniors who violate the provisions, to the Executive Committee of WSGA.

MEN'S DORMITORIES

(Regulations under "All Dormitories" apply as well as the following.)

Of course, it is understood that the College may take disciplinary action at any time against any student who does not seem to fit into the general program and live up to the standards and principles of the College. Please bear in mind also that laws and penalties are not for those students who conduct themselves in an orderly and intelligent way and have the best interests of the whole group in mind.

THE STUDENT COUNCIL

In many respects the Student Council is the most important of all student organizations because its membership represents the entire student body. This year the constitution of the Student Body is undergoing a complete revision. Parts of it are completed, but since the entire revision is not yet finished, the constitution which appears in this book is the old constitution but includes the changes which have been completely approved already. The membership of the Council was determined this year by vote according to provisions in the new constitution which were approved prior to the spring elections.

To it any matters pertaining to student life can be brought and discussed and from the Council directed to the Faculty through the Student-Faculty Senate. Practically all of the social program of the campus is handled through a joint faculty and Council-appointed student committee; the recreation center and town night are a couple of the many things which the Council has brought to the students in past years.

In addition the Student Council conducts all campus elections, and the revised cut system, now in use, is almost identical with the plan recommended by the Council two years ago. Your Student Council is always at work in behalf of the student body, trying to provide a better social program on the campus and serving as a representative organization for every student.

To all new students the Student Council extends a very warm welcome. Soon you will have a chance to elect your own representatives, so start early to think of those whom you believe will well represent you. And remember, the Council is your organization. Your suggestions and full cooperation will help toward making it a better organization and in turn campus life better.

GREETINGS FROM THE STUDENT BODY PRESIDENT

Hello Students,

Your Student Council will begin work this year under a newly revised constitution. We all welcome the changes that have been enacted and feel that they will give fairer representation to the various student organizations. This new constitution represents adequately all phases of campus life; the living, the academic, the spiritual, and the social. Our aim for this coming year is to unify all of the campus activities.

On paper our constitution looks good, but in order for our council to become effective and to function properly, the cooperation and good will of each student and organization must be enlisted. To do this we are asking everyone to read both the old and new Student Council Constitution and to try to catch some of the spirit with which the necessary changes were made. These revisions will become improvements only when the students make them such.

We earnestly hope that the newly elected representatives will attend the council meetings with their organizations' functions and purposes fully in mind. Thus with such information at our fingertips we shall be able to operate effectively and efficiently. Remember, too, that the representatives must have the confidence and the support of those whom he is representing before any success can be realized.

Speaking of success, we wish the best for all of you who are to be with us at Maryville this coming year. And don't forget your Student Council represents you, so give it all your support.

Sincerely,

Jim Black, President

THE WOMEN'S STUDENT GOVERNMENT ASSOCIATION

Student Government in the women's dormitories first came into being at the beginning of the second semester in 1946. When it was first designed, a group of intelligent and practical-minded students sat down with the idea of figuring out the most logical and reasonable plan for a hundred or more girls to live in one building congenially. They concluded that a plan based on thoughtfulness and consideration on the part of each girl for the other person would be necessary. It was with this idea in mind that the constitution and by-laws were drawn up.

Student Government does not mean no government at all. It simply means that the government has been placed in the hands of the students and it is their responsibility, working with the Head of the dormitory, to handle the affairs and problems of the dormitories and their occupants. It has been responsible for a number of reforms—revisions, relaxations, or strengthening of former procedures when it has seemed advisable. The use of lights until 11:00 p. m. and after, ironing boards on each floor, emergency drills, and orderly study hours are all due to the efforts of the Student Government organization. The latest thing for which Student Government is responsible is the WSGA Senior Privileges.

Your Women's Student Government officers are constantly at work in your behalf. They need your suggestions and ideas—but most of all they need your all-out cooperation to make Student Government an effective and beneficial program to the women students and to the College.

GREETINGS FROM W.S.G.A. CHAIRMAN

Hi There!

Here's a warm, sincere welcome to all you new girls as you begin to find your place in our friendly Maryville family and a big Hello . . . . isn't it grand to be back again . . . . to the old timers.

We have an important year ahead of us in our Women's Student Government Association. Although student government is still rather young in semesters, it is already proving itself to be a vital, outreaching organization on campus. Let's make it even stronger this year. In accepting the attendant responsibilities of our many new privileges, we will be challenged often by problems that will call for our collective efforts in working out the most effective solutions. Then, too, as we seek to enlarge our program we will need your ideas, your suggestions, and most of all, your support.

As we all work together during the year to make our residence halls pleasant, happy places in which to live, I am sure that I can count on each one of you for co-operation, understanding and a strong sense of individual responsibility.

Sincerely,

Barbara Eggleston

Chairman, W. S. G. A.

2) It will be necessary to have only one monitor on duty each night if she has a date. Otherwise a girl must be in a group of three girls. The assignment sheet will be posted several days before hand so that the proper arrangements can be made.

3) On the nights when no girls sign out before nine o'clock it will not be necessary for monitors to be on duty. If a group of girls decide to go after nine o'clock, one of the girls in the group will act as monitor.

4) Those girls who do not wish to cooperate in the monitor system will not receive the privileges.

5) It shall be the duty of monitors to report to Executive Committee of W.S.G.A. all underclass women taking privileges set aside for senior women, and all senior women infringing upon provisions of senior privileges.

3. Senior women shall also have the privilege of dating on Sunday afternoon from 3:00 o'clock until the supper hour. They shall be allowed to date on campus, walk in the residential section of the city, and sign up for parlor dates. Groups of couples may walk in the College Woods or around the seven-mile loop.

It shall be the duty of the Executive Committee of W.S.G.A. to impose or recommend the following penalties:

A. Infringements by senior women of any of the provisions of Senior Privileges will result in suspension of all senior privileges for four months.

B. Any underclass women taking privileges (without permission) set aside for senior women shall be reported by senior women to whom privileges are allowed.

1) Underclass women in town on any night except Tuesday night without special permission from the Dean of Women or house mother shall forfeit the Tuesday town night privilege for four months of the school year.

2. The infraction by underclass women of the senior privileges of dating in Knoxville (unless authorized to be there) and Sunday afternoon dating shall result in a suspension of their Tuesday town night for four months of the school year.

3. It shall be the duty of the Executive Committee of W.S.G.A. to withdraw any or all privileges of a student who does not live up to the general standards or principles or whose conduct is unseemly.

THE MEN'S STUDENT ORGANIZATION

The Men's Student Organization is the newest unit to be formed in Maryville's student body organization. Its purpose is to represent the points of view and the interests of all the men of Maryville College—on and off campus, and local.

Since this organization was formed late in the last school year there has as yet been little chance for the wheels to get rolling, but it should be ready to take its place in life at Maryville in the year ahead.

All men are members of the MSO, and its ability to function depends upon the men. The organization will represent the men in the Student Council and on the Student-Faculty Senate. The cooperation of you men will determine the value of the MSO.

GREETINGS FROM THE M.S.O. CHAIRMAN

Welcome, Men:

In our efforts to have every student adequately represented in the student government, we discovered that there was no organization to represent all men of the College. To remedy this condition, the men organized themselves into the "Men's Student Organization of Maryville."

The purpose of the organization, as stated in the constitution, is to "fairly and adequately represent the points of view and interests, and execute the will of the majority", in accordance with the provisions of the constitution.

It is a new organization designed for you; so, if there is any possible way that it may serve you, please don't hesitate to let your representative know.

Wishing you the best of luck in the coming year,

Sincerely,

Henry Callaway Jr.

Chairman, M.S.O.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION

Some people believe the Young Men's Christian Association to be a chain of economical hotels. Others know it as a place where underprivileged children can go for a swim, and still others think of it in terms of religion, bulging muscles, and night schools. To millions of fighting men and prisoners of war, the "Y" meant something to do during idle hours.

Perhaps this is right and as it should be. When an organization grows for a century and spreads to the distant corners of the earth, it comes to mean different things to many people. In this profusion of understanding may lie its strength. We at Maryville believe "Y" to be a means of drawing the fellows into a real Christian fellowship. Our emphasis is placed on the latter part of our initialed title—YMCA.

"Y" is directed by a cabinet and four officers. These men are vitally interested in making "Y" reach the greatest number of men with the most effectiveness. Perhaps the most regular activity is the weekly worship service each Sunday afternoon.

"Y" touches every phase of college life and so its strength is an important factor in the whole campus program. This strength depends upon the officers and cabinet, but even more does it depend upon the cooperation of the members. It has a place and demand for every talent—including yours. It needs these talents in order to grow. Rate the YMCA high on your list of extra-curricular activities.

GREETINGS FROM Y.M.C.A. PRESIDENT

Hi Fellows,

Here we go again into a year of work and fun at Maryville College. For some of you, it is the first year. To you, the officers and cabinet of Y offer a special welcome. We hope that our efforts in your behalf will prove useful.

Your campus Y.M.C.A. has given much thought to how it can best serve the student body. A glance at the committees of the cabinet will give you some idea of the services of Y to the campus and to the community. Your participation in any of Y's varied activities is welcomed and encouraged.

Please remember that you men are the sole purpose for the functioning of the Y.M.C.A. We want to include in our program those things which will benefit you most. Therefore your suggestions and help will always be gratefully received. We sincerely hope that you will give us the chance to include you as an active member of M.C.'s Y.M.C.A.

Sincerely,

Bill Nish

THE YOUNG WOMEN'S CHRISTIAN ASSOCIATION

Y.W.C.A. at Maryville College is perhaps one of the most valuable organizations on the campus. It includes all of the women of the College. While you become a member when you enroll, there is an Active Membership for those who are especially interested in having "Y" serve them and in serving through "Y". It is an opportunity for Christ-centered fellowship and service.

The YWCA plays a major part on the campus. Each Sunday afternoon an inspiring and helpful worship service is planned by the program committee of the cabinet. YW sponsors such groups as Nu Gamma Sigma, for the benefit of the new girls; Pi Gamma Pigma, for the town girls; and the Big-Little Sister program. Several representatives of YW go to mission chapels nearby and to the orphanage to lend a spark of social service and give short worship services one day during the week. During the semester we have interracial meetings with groups from Knoxville.

One of the big events which "Y" undertakes and sponsors is the May Day Festival. Other social activities are planned by the group, including a hike in the mountains every fall. The "Y" kitchen is a special place for fun and food and is especially equipped for such enjoyment. Other activities such as Artist's Series, Barnwarming, Devotional meetings in the dormitories, M-Book, and the Chatterbox are sponsored jointly by YW and YM.

So you see, YW is no small part of Maryville College. We hope that all of you will find your places in "Y" this next year.

GREETINGS FROM Y.W.C.A. PRESIDENT

Hello, Girls!

Welcome to Maryville! We're glad to have you with us to share in our many activities here on the "hill". This year YW promises to offer a great deal of fun, fellowship, and inspiration. Don't miss it.

The program of YW is so varied and extensive that there is a place for *every* girl. Barnwarming, mission work, hikes, parties, weekly programs—all these provide splendid opportunities for you to help us become "Builders with God".

It's a wonderful opportunity that we have to work and worship together. Let's make it a big year for YW and for Maryville.

We'll be looking for you.

Sincerely,

Margaret Rock

ORGANIZATIONS AND CLUBS

Of course, you came to college primarily for scholastic training, but you'll miss a lot if you don't add a few extra-curricular activities to your program. However, you don't want to be the other extreme and join every club on the Hill just because you can. You'll soon find yourself all burdened down, and your enthusiasm will begin to lag in the social activities as well as the lessons. So pick out one or two in which you are really interested and put your efforts there. The organizations and clubs at Maryville are varied and should include the interests of every student. Any new organizations must be approved by the Faculty.

PI KAPPA DELTA

Pi Kappa Delta is the Tennessee Alpha Chapter of the National Honorary Forensic Fraternity. The purpose of this organization is to stimulate progress in, and to promote the interest of intercollegiate oratory, debate, and public speaking by encouraging a spirit of intercollegiate fellowship, brotherly cooperation, and interest; and by conferring upon deserving candidates a badge of distinction, proficiency, and honor, varied and graduated according to merit and achievement. Maryville is honored to have this organization, and its members here have consistently ranked high in national and local tournaments. Both debate squads—varsity and freshmen—meet as classes and are given college credit for their work.

THETA ALPHA PHI

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity, Theta Alpha Phi. All students have opportunity to try out for the plays given by various organizations each year.

HIGH SOCIETY

The High Society is one of the newest clubs on the campus. The requirements for membership are that one be female and five feet seven inches or taller. The club spends its time learning ballet, pantomine, and choreography. The club performed at two of the outstanding events—Barnwarming and May Day.

SIGMA DELTA PSI

Membership in Sigma Delta Psi is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee.

ALPHA GAMMA SIGMA

Alpha Gamma Sigma was organized for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten percent of the graduating class may be admitted provided the members have a grade point ratio of 6.5 or somewhat more than a B average.

BAINONIAN

Bianonian offers to her members an opportunity to work and play together in her activities throughout the year. One of the four social societies on the Hill, her main purpose is to promote a wholesome social program and to maintain the "Maryville Spirit" in all the campus activities. There are planned meetings each week, and she joins with Athenian in producing one of the major College plays each year. Last year the Bainonian group won the cup for presenting the best skit in the Annual Skit Contest.

THETA EPSILON

One of the four social societies of Maryville College organized in 1894 is Theta Epsilon, representative of the campus women and is a sister society to

the men's organization, Alpha Sigma. It is composed of active, associate, and honorary members. Any woman student of the college is eligible to become an active member. It is the purpose of the society to strengthen the bond of goodwill and friendship among its own members, and the members of other societies on the hill. All who have membership may well feel they have an active part in the activities of the college.

ATHENIAN

Athenian is organized for the purpose of bringing to the men of the College a varied and interesting social program. Entertainment and fun highlight the regular meetings of the society. The play, produced jointly with Bainonian each year, and Athenian's contribution to the Annual Skit Contest are the two outstanding efforts undertaken by the whole society. A place on the active roll is open to any man on the campus. It's a place where lasting friendships are made.

ALPHA SIGMA

Alpha Sigma offers the men of Maryville College a program of fun and fellowship in which all may participate. During the College year all those interested in dramatics may take part in a play which is given in conjunction with Alpha Sigma's sister society, Theta Epsilon. For those who prefer athletics, the society takes part in the College intramaural program.

"B. G."

Originally formed for the purpose of hiking, this women's club has gradually taken on more varied activity. The membership is limited to eight persons.

PI GAMMA SIGMA

This organization is sponsored by the Y.W.C.A. to promote fellowship between the town girls attending college and the dormitory girls. A luncheon is held every two weeks and an interesting program presented.

THE MINISTERIAL ASSOCIATION

Organized in 1900, the Ministerial Association plays an important part in the life of the College. Having as its motto the words of Jesus, "Not to be ministered unto, but to minister," it is composed of students who are candidates for or are vitally interested in some form of the Christian ministry. In addition to its regular meetings twice each month, the Association shares in planning the program of the campus prayer meeting committee, and its members conduct mid-day devotional services during Holy Week, do preaching and pastoral work in the county jail, visit the patients in the College Hospital, and are encouraged to engage in some form of service in local missions and rural churches in the vicinity of Maryville.

STUDENT VOLUNTEERS

Since 1894 the students have maintained a Student Volunteer organization which is one of the strongest religious influences in the College. It is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this type of work. Regular meetings of the group are held Sunday evenings after Vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring firsthand material.

PARISH PROJECT

The Parish Project is a program of Christian service to communities in the vicinity of Maryville. Students who volunteer and are accepted for service in the Project carry on various types of service activity. These include Sunday school teaching and administration, teaching weekday Bible classes in a selected group of public schools, supervising young people's societies, and the leadership of character-building activity groups for boys and girls. The project is jointly sponsored and supported by the Board of National Missions, the Board of Christian Education, Maryville College, and the New Providence Presbyterian Church of Maryville. All who serve in the project are enrolled in a class and recieve academic credit for satisfactory completion of the work each semester.

WRITERS' WORKSHOP

The Writers' Workshop is made up of students and faculty members who show interest and ability in literary work. Each member writes and reads aloud for criticism one paper each semester, and opportunities for practice in literary criticism are provided. The selections considered most outstanding are printed in an annual publication called *Chips from the Writers' Workshop.* Members are elected from the Junior and Senior classes and faculty. Eligible persons are urged to make their interest known to any English instructor.

ART CLUB

The Art Club is a small but active group of people interested in Art. The purpose of the Club is to sponsor various Art Exhibits coming to the College. to sponsor lectures by people qualified in the Art field, and to further the interests of students in this general field. The Art Club has several purely social activities during the year such as moon-light hikes

and sketching parties. The membership is not restricted to people in the art classes, but open to anyone interested in the subject. Last year was the first year since the war that the club has been active, and next year a full program is planned.

THE CAMERA CLUB

The Camera Club was formed during the fall semester of 1946 and designed to serve the interests of the members. Since the group is still a small one, it assures each member a larger freedom when using the equipment. The Club helps the photographic enthusiast pursue his objective in company, learn from the experiences of others, and improve his own abilities by helping in the development of the talents of his fellowmembers. Meetings are held twice each month.

THE DISC CLUB

This club was organized in 1936 by students for the benefit of lovers of good music and to encourage the appreciation of good music among all students. Accordingly, its organization is very informal, and all students are automatically considered to be members. A program committee of six students and a member of the Music Department faculty arrange for the presentation of good recorded music twice a month for a half hour following the evening meal. An interested student or faculty member introduces each program with brief comments regarding the composition to be heard and its composer.

"M" CLUB

"M" Club is the girl's athletic club of Maryville College. Membership is attained by making a total of 400 or more points through participation in the girls' athletic program generally known as Point System. The purpose of the Club is to keep up the

interest in girls athletics and to further good sportsmanship in Maryville College. A special project is conducted each year. Besides taking part in the Point System two hours a week the members meet monthly for business discussions and enjoy an athletic activity together. One of the high spots in the club's activities is the week-end hike in the Smoky Mountains once each semester.

THE GERMAN CLUB

The German Club has as its purpose that of stimulating interest and furthering knowledge of German culture. Membership is open to anyone interested in German culture, regardless of whether or not he is a student of German. It is the aim of the Club to have all members participate in the program and activities of the Club. Meetings are held twice a month, according to a regular schedule.

THE SPANISH CLUB

The purpose of the Spanish Club is to stimulate interest in Spanish speaking countries, their culture, and their customs as well as their language. Students also have an opportunity to practice speaking Spanish outside the classroom. Since there is a limited membership, students taking Spanish in their college course are given preference over those who are merely interested in Spanish. The programs are both cultural and entertaining, following a Spanish theme. The students themselves prepare and give these programs on meeting nights. Freshmen students are invited to visit the Spanish Club when they arrive on the campus.

THE FRENCH CLUB

The French Club is composed of thirty members selected because of their scholarship and interest in French. No student is eligible for membership during his freshman year nor while he is taking first

year French. The programs consist of plays, songs, games, moving pictures, and the like. Each year a formal banquet is held. Both educational and recreational opportunities feature in the activities of the French Club.

PRE-MED CLUB

The Pre-Med Club is an organization composed of men and women of the College who are taking the pre-medical course in preparation for a career in medicine (including nursing and medical technology). Its purpose is to introduce its members to some of the problems they will meet in their chosen profession and to give interesting and informational programs concerning medical topics. The general activities of the Club include lectures by practicing physicians and representatives of other branches of medicine, movies of medical nature, and tours of local hospitals.

THE INTERNATIONAL RELATIONS CLUB

This Club, although autonomous in its organization, is affiliated in purpose and program with hundreds of other such clubs on college campuses throughout the world by its relation to the Carnegie Endowment for International Peace. Its stated purpose is ". . . . the formation of a nucleus of students interested in international affairs with the object of spreading interest and information on related topics . . . . and of fixing attention on the principles of international conduct and agreement which must be put into effect to secure the existence of peaceful civilization." It seeks to accomplish this purpose through forums, discussion groups, and informed speakers at its semi-monthly meetings. While the transaction of the business of the Club is limited to students joining at the beginning of each semester, all students are encouraged to attend and to participate in the discussions and talks concerning international affairs.

TAU KAPPA CHI

Tau Kappa Chi is a musical organization for the women of the College who are either music majors or are interested applied music students. Its purpose is to form an organized group of persons who wish to promote student and community interest in music. The aims are to raise the general academic standard of the music department; to provide a goal for all students interested in music; and to promote thoroughly trained musicianship and further the understanding of all types of music. The qualifications for membership includes having both a B average for two semesters and a recommendation from their music instructors; having a high moral character, and showing outstanding ability in public performance.

MUSIC GROUPS

VESPER CHOIR

The College Choir provides good training and sheer joy for those who are interested in singing. It is composed of approximately sixty students who are admitted to its ranks only after passing rigid voice tests. In addition to its participation in the daily Chapel and weekly Vesper services, the Choir takes part in special programs on the campus, in Maryville, and adjoining cities. Its program also includes a concert tour through parts of Tennessee and Alabama.

ALL GIRLS CHOIR

The All Girls Choir is composed of approximately fifty-six girls who are admitted through try-outs at the beginning of each semester. The Choir sings at Vespers, special programs, in Maryville and adjoining cities.

MEN'S GLEE CLUB

After a period of inactivity, the Men's Glee Club has been reorganized with forty members. Additional members may be admitted through try-outs at the beginning of each semester. They sing at different meetings and special programs, and join with the All Girls Choir to give an oratorio each year.

BAND

Students who have training to play a musical instrument are invited to try out for the college band which is approximately fifty pieces. For Sophomores the marching practices may be substituted for the intramural requirement. For members who serve faithfully throughout a year letters are awarded at the end of the band season.

ORCHESTRA

Despite the chapel fire two years ago the orchestra had one of its most successful seasons last year. During the year ahead this organization should be able to grow even more. Each year the orchestra accompanies the *Messiah* and the piano concerto besides giving two or three concerts annually. Last year its final concert included the world premiere of an operetta composed and conducted by one of the music majors of the college with libretto by another music major.

PUBLICATIONS

HIGHLAND ECHO

The *Highland Echo* is the Maryville College student paper which is delivered weekly. The staff consists of members of the four classes, the Editor and Business Manager coming from the senior class. Students may try-out for the *Echo* by competitive writing. A total of twelve new freshmen are added to the staff each year, and other additions are made in case of vacancies. The *Echo* keeps the students informed regarding campus activities as well as world affairs.

CHILHOWEAN

The *Chilhowean* is the annual year-book which is published by the members of the junior class. It tells the story of the year's work in all departments of the College in pictures. The editor and business manager and their assistants put in many long hours in its make-up, and the results are never disappointing.

THE ALUMNI MAGAZINE

The *Alumni Magazine* is published quarterly by the Alumni Office. News of the College and alumni is sent through this magazine to all the alumni.

M BOOK

The *M Book* is published each year by the Y.W. C.A. and Y.M.C.A. and is the College handbook. Its purpose is to give each student information and data about the College which he might otherwise never receive. It is designed to be practical and serviceable. A copy is sent to each student and faculty member before the opening of the fall semester.

ATHLETICS

MARYVILLE'S ATHLETIC POLICY

Maryville stands for the well-rounded, well-developed college life. For many years the college has realized that one must not only be developed mentally and morally but also physically. As a result of this realization Maryville College has placed an emphasis on athletics of all kinds. Besides having inter-collegiate athletics, there is also conducted a well-developed and highly organized system of intramural athletics for men and women.

Maryville does not buy her athletes. Those who come to Maryville come with the understanding that places on her athletic teams are open to physical fitness and average scholastic ability; nothing else. In addition it is true that athletic ability alone does not "make" a student at Maryville. Well-rounded effort in other extra-curricular activity and in the classroom is just as important.

THE ATHLETIC ASSOCIATION

The Athletic Association is composed of the entire student body and faculty of Maryville College. Its purpose is to work in cooperation with the Department of Athletics of the College for the futherance of desirable conditions in that field. Each spring an Executive Board of Control (commonly known as the Athletic Board of Control) is elected to act for the Association. This Board is composed of a president, vice president, secretary, and three boys, two girls, and two faculty members as representatives. The Director of Athletics is an ex-officio member of the Board. The Board performs such functions as electing managers for athletic teams, and making awards to members and managers of these teams as well as to cheerleaders and "point-system" girls. The Association has no power in financial matters connected with

athletics and it is thus not certain that a person will receive an award unless the faculty feels that the College is financially able and willing.

You are urged to take part in the activities of the Athletic Association whether or not your interests are in that direction.

INTER-COLLEGIATE ATHLETICS

Athletics at Maryville have been developing since the end of the war. For two seasons the various teams have had better than average success on the battlefields of sports. Before the war interrupted life at Maryville, the college was well known throughout the South for its strong teams in the minor sports. Since the resumption of intercollegiate athletics we have enjoyed a little more prestige in the realm of the major sports than was before accorded the college.

As athletics begin in the year ahead, it is our hope that Maryville will hold tightly to the laurels gained in the major sports and will redevelop strength in the field of minor sports. Let's get behind our teams and support them, win or lose, because school spirit is part of Maryville's athletic program, too.

INTRAMURAL

The intramural program provides Maryville men and women with a chance to participate in various non-varsity sports for good fellowship, vigorous competition, and physical fitness. The men and women have a similar system and organization, each with a Director who will give full instructions regarding each program. The men participate in soccer, football, basketball, swimming, track, and softball. The girls play soccer, volleyball, basketball, swimming, tennis, and softball. The intramural program includes the regular physical education classes for Sophomores, two hours each week of participation being the required amount. Although not required of Juniors and Seniors, many of the upperclassmen actively participate in the fun and recreation which these sports provide.

POINT SYSTEM

As at most colleges, there are no longer intercollegiate contests for women at Maryville. For them has been substituted the Point System. Participation in the different sports qualifies a girl for a given number of points. To those earning over 300 points awards are made at the end of the year. Every girl must walk the seven-mile loop twelve times a year, swim twice a month, and spend an hour in exercise daily. Those who play basketball, soccer, softball, or volleyball earn 30 points for their team. Taking part in swimming, track, tennis, hiking or aerial dart tournaments entitles a girl to 50 points. Additional points are awarded for sportsmanship, membership on the squad, managing a team, and perfect attendance. The observance of health rules gives a maximum of 25 points a semester. High scholarship adds a percentage of the total. Members of "M" Club (those who have earned at least 400 points) take a mountain hike each spring, and enjoy several other activities.
